

## Deposit safe SEVILLA

### Deposit safe EURO VdS EN 1143-2, class I

**Insurance value: up to € 20.000,00 for business values  
(with burglar alarm system the value can be double)**

#### Security features:

Body and door multiple walled with a door of 105 mm thickness. The drawer has a height of 488 mm. Telescopic runners guarantee an easy opening and closing process. A new developed throw-in-system prevents taking back the items thrown into the safe. The door is standardly equipped with a high-security double-bit-key-lock (incl. 2 keys). Fittings 60 mm protrusive.

#### THE DRAWER IS CERTIFIED STANDARDLY WITHOUT LOCK!

It can be equipped with a double-bit-key-lock, a mechanical number combination lock or an electronic lock (for an additional charge).

The electronic lock DFS S Plus with 1 programmable master and up to 99 user codes can be used on the drawer and/or on the main safe door.

The drawer can be mounted front-sided, backwards or also sideways.

Colour: RAL 7035 lightgrey
