

## Comsafe Fingerprint Furniture Safe DIGITEC

**Security features:** Single wall, top quality steel safe for installing in furniture, door leaf 4 mm, body 2 mm, with fire seal and robust hinges. Hole drilled in back and base. Painted in anthracite or light grey.

4 holes in the rear wall and the base.

**Fingerprint lock:** Fingerprints are stored with the door open (up to 255 different prints), with mechanical emergency opening facility. The safe is locked by pressing the button on the right next to the fingerprint. The emergency opening lock can be operated separately or interdependently. A "master finger" can also be programmed. The bolt opens and closes automatically – no handle to turn. Battery operated with normal commercial 1.5 V batteries.
