

FireFile/Pedestal FireFile

- for protection of documents

Ever thought about the impact of fire on the documents inside your steel filing cabinet? If a fire were to occur your stored documents would be destroyed because the cabinet does not offer fire protection.

The solution is the 'FireFile' or the 'Pedestal FireFile'. Styled to fit any office environment, both models are filing cabinets which offer fire protection for documents.

Models

The FireFile is available in either a two or four drawer version. The Pedestal FireFile is a space saving version of the two drawer FireFile that fits beside your desk.

Tested and certified

FireFile and Pedestal FireFile are tested and certified to NT Fire 017 60P which means that, even after being subjected to the intense heat of a fire for 60 minutes, the documents contained are still perfectly legible.

Quality

Both filing units are manufactured under a ISO 9001 accredited process and are subject to continuous external controls throughout the manufacturing process.

Locking

A central keylock for all drawers is standard which locks every separate drawer to the frame.

An anti-tipping safety device prevents more than one drawer opening at anytime.

Design

The cabinets will complement your office environment in colour, design and size. They are finished in a light grey colour with smart silver handles.

FireFile / Pedestal Firefile - technical information

| Model | External Dimensions (mm) | | | Internal Drawer Dimensions (mm) | | | Net Weight (kg) | Volume (litres) | Total no.of files | Fire protection (mins) |
|--------------------------|--------------------------|-------|-------|---------------------------------|-------|-------|-----------------|-----------------|-------------------|------------------------|
| | Height | Width | Depth | Height | Width | Depth | | | | |
| FireFile | | | | | | | | | | |
| 2 Drawer | 745 | 531 | 635 | 288 | 388 | 520 | 160 | 116 | 220 | 60 |
| 4 Drawer | 1420 | 531 | 635 | 288 | 388 | 520 | 291 | 232 | 440 | 60 |
| | | | | | | | | | | |
| Pedestal FireFile | | | | | | | | | | |
| 2 Drawer | 745 | 471 | 579 | 288 | 330 | 464 | 139 | 88 | 220 | 60 |
