

Secure Safe

- for protection of cash and valuables

Looking for a safe to store cash and valuables? Well look no further.

The 'Secure Safe' is designed to protect cash and valuables from the threat of theft. Items recommended for storage include cash, jewellery, passports and laptops to name but a few.

Applicable to the home or business environments, the Secure Safe clearly offers security at an affordable price.

Models

The Secure Safe is available in three sizes. The Small and Large safes are designed to hold cash and valuables. The Laptop Safe is designed to serve the same purpose as the smaller units but also can be used to store laptops.

Construction

The safes are constructed from a 2.5mm solid steel body and a 5mm solid steel door.

Locking

The safes offer keylocking or a user-friendly electronic locking options.

The Small Safe offers keylocking only whereas the Large Safe and the Laptop Safe offer both keylocking and electronic locking.

Additional features

The safes can be fixed to the floor or the wall via the fixing kit (included).

In addition, the Large Safe only is supplied with a removable shelf as standard.

Design

The cabinets will complement your office environment in colour, design and size.

They have a sophisticated modern look which is finished in an off white colour.
